6. Take Home Activities

Help build strong Home & School connections. Create a frog theme bag that can travel home and back. Include frog activities to reinforce math facts or a quick craft project. i.e. Make "Frog and Toad" puppets and retell a favorite story. Send home a book for kids to read with their parents that ties into classroom activities. Clear, plastic snap-handle bags work well. Make several traveling bags of various themes. Ask a parent volunteer to help keep them replenished.
